Let us take the "Wait" off your shoulders!

♥In The Heart of The Community With The Community at Heart!♥

“What Can We Do For You?”

The Benton State Bank has been a small hometown community bank since 1894! Being bought out by a larger bank is not in the plans for us. We have seen the detrimental impact larger facilities have placed on people. It is our intent to remain independent and fully capable of meeting our customers’ needs personally. It is the philosophy of Benton State Bank, Shullsburg Community Bank, and Tennyson/Potosi Community Bank that we do not deserve your business unless we are able to earn it. Our customers are our friends, not just a member or a number. Therefore, we ask, “What Can We Do For You?” See us for your full service banking needs.
